This document outlines the process EpicCare Link site administrators follow to request a new EpicCare Link user from their clinic.

**1. Login to EpicCare Link.**

**2. Use the Utils button to access Manage My Clinic.**

**3. Within Manage My Clinic, select the Requests tab.**

**4. Click the  button**

**5. Select the type of account that should be created for the new EpicCare Link user based on the user’s role and/or credentials.**

**6. Fill out the required information and click the  button.**

**7. A printable confirmation page will display reminding you that request take between 10-14 days to be processed.**

**Checking the Status of a Request**

1. Access the Requests tab within EpicCare Link.
   a. Menu button > Manage My Clinic > Requests tab

2. Click the View Request button.

3. Review the new account requests that you have previously submitted. Completed request will have a status “Record Generation Complete”
